I am noticing a lot of Kijiji and Autotrader ads with tempting Jaguars to buy. As many of us do, we like to see what's being listed and then we are tempted to buy!! We run through the list of considerations in our minds...do I have indoor space? Can I really use another car? Should I try to sell one I have, to make room for this one? Will my bank question my sanity? Will my spouse?? - ahhhh but it's so easy to be tempted by a model we have never owned and always fancied. And then there are the harder considerations - what is the true state of the vehicle? The Ad shows it to be a turn key purchase....but it's a V-12 and it has sat for 10 years. You know deep down that it will need reconditioning...and are you still prepared to turn a spanner and skin your knuckles?? - or are you ready for the challenge of finding a garage and playing the parts availability game with your mechanic? It all can be done - and maybe you want the challenge of getting familiar with all the oily bits underneath. We have many knowledgeable members who have worked on their cars and rebuilt or restored cars in years past...they can guide and advise you. Despite the concerns, many of us can't resist. And that's a good thing because getting an old Jag and working on it or paying someone at the dealership or a private garage who is skilled and then enjoying the vehicle is achievable. Members who own Jaguars have rolling works of art. To drive them is to love them and to just look at them or work on them as well. Heck, go buy that Series II XJ6 in Windsor and see what comes of it...automotive adventure!

Notice from the Publisher

As we approach the end the first half of the year, I wish to thank all those that have made contributions to this e-magazine. You have truly made it worth the read. All those of you that submitted articles are entered in our year end draw for a valuable prize of your choosing from a selection of fine merchandise valued up to \$100.

The more articles you submit the more entries in your name will go into the pot, one entry per article. The articles can range from your past experiences with your Jaguar to participation in car events or even an original comic or joke or even art work. Anything worth reading, remotely car related, is allowed as long as it is original material. Submit your articles to ottawajaguarclubjottings@rogers.com Good luck with the draw and enjoy this issue.

Old School Meets Future Cool.

Moss catalogs, with exploded view schematics, were created to make life easier for British car owners. And when you shop with us online you'll find the same schematics. It took a bit of programming to be able to click the part you want to buy, but that old school touch is here to stay. *Give it a try at MossMotors.com.*

Shop at MossMotors.com/Jaguar

This is the ABCD 2010 at Britannia Park. It was a windy day, and at 3:00 or so the heavens opened and it rained. Heavily! There were a lot of people around. Probably close to 200 cars. Very nice day.
